We like them being easy and we've gone through most of the books over the years. Most of the topics are about celebrities as you'd expect from People magazine.0 of 0 people found the following review helpful. Love TheseBy CLMI love these books and every time I finish one, I order another. My only complaint is I'm really not interested in other puzzles, I enjoy crosswords so the last third of the book is usually pretty wasted on me. I recommend these for light, fun crosswords and I'll keep buying them.0 of 0 people found the following review helpful. SPLENDIDBy Sherene CasanovaI really love the People Puzzle Books...I don't know what I am going to do when I have done them all. THEY NEED NEW ONES!!

This book includes more of what readers of People Puzzler love-it's the ULTIMATE puzzler! [Caution: Readers will

need to stretch and hydrate before attempting!] Think you know your pop-culture trivia? Sure of the movie that brought Julia Roberts an Oscar? Know the character names of all the friends? Certain of which boy band Lance Bass sang with ON Sync? Backstreet Boys? The Kingston Trio? Then grab a pencil and give the crossword-style trivia test a go. This book offers fun for all ages and for anyone who owns, has owned, or knows anyone who has owned a television.
