Frank Longo : Petite Elegant Sudoku (Portable Puzzles) before purchasing it in order to gage whether or not it would be worth my time, and all praised Petite Elegant Sudoku (Portable Puzzles):

Perfect airplane!By bkinpaThis is the perfect size to take on an airplane. The puzzles were challenging and the quality of the book is solid.6 of 6 people found the following review helpful. Gorgeous and Handy!By Mary in NebraskaMy sister recommended this Sudoku book to me after I became obsessed with the puzzles. The format is perfect for tucking into my purse and doing a puzzle in a waiting room or in a lull at work at my desk. Or in the chair in my living room, or in bed, or wherever! The paper is nice and smooth (such a nice change from that coarse stuff in the magazine stand puzzle books) and the puzzles' level of difficulty is just enough to be challenging without completely ticking you off.

This is the sudoku collection with the grace and flair that all the others try to imitate! Puzzle aficionados will love having these challenges with them at the country club, at a fine restaurant, or just on hand during a first-class flight to Paris. With its super-convenient size and VIP panache, Petite Elegant Sudoku pushes not just fashion boundaries, but also solvers' prowess with a pencil.
