Elliott Chin : Phantasy Star Online Episode III: C.A.R.D. Revolution (Prima's Official Strategy Guide) before purchasing it in order to gage whether or not it would be worth my time, and all praised Phantasy Star Online Episode III: C.A.R.D. Revolution (Prima's Official Strategy Guide):

0 of 0 people found the following review helpful. Good for collecting purposes or if you are completely unfamiliar ...By Christopher AffinatiHad this game as a kid. For some reason I got a craving to play it again and saw this guide was available. Unfortunately, it didn't really tell me all that much aside from what I already know about the game. Good for collecting purposes or if you are completely unfamiliar with the game. Has some nice pictures though0 of 0 people found the following review helpful. Went for a used purchase from quality7By kerryBought from quality7 in

good used quality, and the packaging got a little ripped in the mail. There's a used sticker on the front top-right and the binds on the top and bottom of the book are worn down and pushed in. Other than that it's in good quality and it's what I wanted, good luck playing this game! 3 of 3 people found the following review helpful. SimplicityBy Torin Johansen After buying ep3, seeing the depth of the game and being overwhelmed by the sheer number of diverse cards and strategies, you may start thinking about purchasing this strategy guide to help you make sense of its complexity. And this strategy guide from Prima does a pretty good job at sorting it all out. It explains the basics of the game, how the game works, the strengths and weaknesses of each character, it has a very in-depth single player walkthrough, and a massive cardlist with pictures, card stats, and card abilities. But it's not perfect. For one, out of the 150 pages only 2 are devoted to online play. The majority of people buy this just to play online. Despite its lack of dedicated online coverage, it makes up for in part just because many strategies used in the single player can be carried over online. And this guide has a very strong walkthrough with descriptions and tactics for every battle. It also gives you tips on basic and advanced strategies. The guide is well written, and is organized neatly, making it very easy to read. I like this guide, and if you are new to the game this is definitely for you. Dedicated online players will benefit from the complete card lists and story character stats, but not much else.

In the battle between light and dark, only one can win. Detailed card listing, including Item, Monster, Attack, and Assist cards, plus all Rare cards! Effective deck-building strategies for both Hunters and Arkz Story Characters Essential info on every monster and weapon in the game Detailed info on creating your character Complete walkthrough of all online and offline quests Expansive battle tactics to conquer every situation
