This would be good for an adult that does not know how to play piano and wants to learn only the melody. It's way too easy even for my daughter who has been taking lessons for a few months.1 of 1 people found the following review helpful. enjoyable practicing!By Linda C.this is actually for my husband who plays

the organ. he says it is easy to read and is good for beginners and practice.0 of 0 people found the following review helpful. As expected, I'm very pleased.By nancy billingsWonderful!
