If you like the original Phase10, you will love this game too!0 of 0 people found the following review helpful. 5 Stars for Phase 10 Dice GameBy Cheryl WilsonThis game was brand new, complete, and still in the box so it completely met my expectations. It also arrived within the projected delivery dates. The game is really fun to play and the score sheets include space after each phase to keep a running total so it is easy to determine the winner if or when more than one person completes all 10 phases. I highly recommend this game.0 of 0 people found the following review helpful. Kids Love ThisBy ReviewzMy kids love this game and this version is so much easier for them to play with. The original version is a card game and it can get tedious for kids to try and hold and organize cards in their hands. This is s great alternative and moves quicker without hassling with the cards. This game is a lot of fun!

Advance to the next phase in this roll and score dice game with a twist. The Phase 10 Dice Game is a colorful variation of the popular original Phase 10 Card Game.
