Seems very complete and even has a piece to go with each key! 1 of 1 people found the following review helpful. Five Stars By Josart Just what I needed for my student. 0 of 0 people found the following review helpful. Nicely laid out and logical progression By Cinnamon girl You can't go wrong with Faber books in my experience. Nicely laid out and logical progression.

(Faber Piano Adventures ). Intermediate students are ready to explore the challenges of one-octave scales and arpeggios. More than a simple reference to scale fingerings and key signatures, this book presents valuable patterns

that engage the ear and give musical meaning to scale degrees. By transposing these patterns and common chord progressions, students gain deep understanding in all keys. With additional strategies for fluency and gesture, students are well-prepared for technical mastery. [View Helpful Introductory Videos Here](#)
