books are just too small of print to read pages easily. The charts shown on the Kindle pages are readable to me with glasses.)0 of 0 people found the following review helpful. Great bookBy RopeManThis makes learning the chords easy! Very clear concise explanation about the chords and the different versions of the chords that makes it very easy to remember. The ONLY downside is that this is not a book with tunes in it. You have to go look for tunes to apply your new-found know to. I recommend doing a google search on "piano chords" then the name of the song. There are thousands of them out there.2 of 2 people found the following review helpful.
