**From Kalmus Classic Edition : Piano Solos, Vol 1 (Kalmus Edition)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Piano Solos, Vol 1 (Kalmus Edition):

0 of 0 people found the following review helpful. so it is not easy to read By Average Golfer The print is a lot smaller than other typical music books, so it is not easy to read. Unwisely, I bought this book and Liszt's Trois Etudes de Concert at the same time and both of books are the same problem. I also found that some of music signs are missing like a natural sign. I'm very regretting because my daughter and her teacher have a difficult time to read so they don't use these books. I'm looking for some books published by a different company but no luck. I definitely won't recommend to buy this book at all. Don't buy a book published by Kalmus.

Contents: Opus 2, Four Etudes for Piano \* Opus 3, Four Etudes for Piano \* Opus 4, Four Pieces for Piano \* Opus 11, Toccata in C Major for Piano.
